Who Is Monte Christo, LLC?

As depicted in the image above, Monte Christo, LLC is the vehicle which transports a variety of specialized spiritual warfare products. There is more than one product behind the tailgate.

Monte Christo, LLC is a corporation established to support spiritual warfare training for Exorcist and Parish Priests, Laity Teams, and individuals. The medium for this training is parish missions, training retreats for Priests and Laity, online book studies and other means. The aim is to support priests and laity that are executing this work throughout the country by organizing and administrating the commercial aspect of the effort. All of the training workshops, retreats, and mission talks are based on the Liber Christo Model of Liberation through reconciliation with God The Father.

The Monte Christo Community is a group of individuals that have the common goal of promoting spiritual warfare in an authentically Catholic model. This is done through sponsoring and participating in events promoting this goal.

Snapshot of the Month

In Memory Of **Dr. Patrick J. DiVietri**

We were saddened to hear that Dr. Patrick J. DiVietri passed away on July, 19, 2024. Friends of Monte Christo remember Dr. DiVietri as a gifted lecturer and mentor who had the ability to make complex Thomistic psychological concepts relatable. He streamlined the philosophical and theological work of Fr. Chad Ripperger making it applicable in a counseling setting. Because of this endeavor, he has been described as a pioneer in the integration of faith and psychology. In this way, he was ahead of his time.

Many have benefitted from Dr. DiVietri's varied talents and endeavors. Former students describe him as extraordinarily generous, welcoming, genuine and joyful. His engaging stories, hearty laugh and love of all things Italian have left lasting impressions. Through his varied experiences, broad education, and doctoral work in the humanities, he was able to uniquely incorporate theology, philosophy, and the arts into a rational psychological approach.

As a pastoral counselor and as a professor of psychology, philosophy and theology, his mission was to serve God. He had a particular devotion to St. Teresa of Avila and was a member and formation leader for the Secular Order of Discalced Carmelites, where he refined Thomistic perspectives. As an author, he published writings about family life that are in the Vatican library and was the Executive Director of the Family Life Institute in Manassas, Virginia.

Dr. DiVietri also created music for the love and glory of God. In addition to his work in the realm of mental health, he was an accomplished musician and composer with a focus on orchestration, choral and theatrical performance. Dr. DiVietri began his career as a musician. He was nominated for a Grammy

for his Partita Teresiana, which was about the life of St. Teresa of Avila. One of the greatest honors of his life was to be able to perform the Partita live for 10,000 people in Rome in front of Saint John Paul II for the 400th anniversary of St. Teresa's death. He wrote and produced many other musical works throughout his life.

His accomplishments impacted many but his primary and most important contribution was as a family man. He is survived by his loving wife of 42 years, Mary Frances, as well as two sons, Patrick and John-Robert, grandchildren and a large extended family. He died as he lived, desiring to do the Will of God first and always.

Dr. DiVietri will be truly missed by students, family, and lifelong friends.

We are grateful to be able to continue his efforts to share Thomistic Psychology, which he initiated in conjunction with Fr. Ripperger, through Monte Christo.

We pray that he is enjoying the fruit of his service to the Lord.
Requiescat in pace.
