-----+-----
The Liber Christo 4-Phase Protocol features a 'medical model' in which the Exorcist is the 'specialist' and the Laity serve as 'intake personnel, nurses, triage, case administrators, and theatre staff', and the parish priest of a diocese serve as the 'general practitioner', all following a formal diocesan protocol which insures minimal spiritual and temporal risk to petitioners, priests and diocese.

This ADVANCED training is for Priests who would like to know more about Phase 3 (Minor Exorcisms) of the Liber Christo Method Protocol. It is also directed toward Case Facilitators to assess the movement from Phase 2 to Phase 3 and interfacing with the GP Priests/Pastors and Exorcists.
